Catalogue and Price List.

THEO. A. KOCHS,

MANUFACTURER OF

BARBERS' CHAIRS and FURNITURE,

WHOLESALE DEALER IN

31-36
BARBERS' SUPPLIES,
217 Fifth Ave., CHICAGO.

FACTORY:—250, 252, 254 and 256 FIFTH AVENUE.

TERMS.

TERMS CASH.

Goods will be sent by Express, C. O. D., or if goods, especially Barbers' Furniture, are ordered to be sent by freight, a reasonable deposit should be sent with the order; the balance of the bill to be collected through the banks.

We do not pay any Express or Freight charges, but on C. O. D. orders of \$5 00 or more, we pay return charges on the money. Smaller orders should be pre-paid to save the return charges.

COMPLETE OUTFITS of Barber Shops being *Our Specialty*, it will be to the interest of every new beginner to send for our estimates.

Compared with our previous catalogue, a few changes will be noticed. On account of rise in prices of material and labor, we have been obliged to advance in a few instances, while some articles are lower than last year.

On purchases of goods which fluctuate in price, our customers will always be given the benefit of any decline, as we shall be governed by the price at the time sales are made. Our shipments being very large, enables us to get the best possible rates on freight. We make no charges for boxing or cartage.

Respectfully,

THEO. A. KOCHS.

BARBERS' CHAIRS and FURNITURE.

The manufacture of Barbers' Chairs and Furniture is a leading branch of our business, and the demand for this class of goods is rapidly increasing.

Our Barbers' Chairs have gained a high reputation all through the country and are acknowledged to be the most durable and artistic in design. So great has been the demand for them, that we have been obliged to increase the capacity of our factory until we are now able to furnish them at the rate of over 100 per month.

We are manufacturing several new styles of Furniture, such as Wash Stands, Pier Glasses, etc., also, four new styles of Barbers' Chairs, and we are therefore able to suit all our customers in price and design.

SECTIONAL VIEW OF MACHINERY.

The Machinery is of a very simple and ingenious construction and works easier than any other machinery on Barbers' Chairs. Two Rack-Bars fastened on the upper part of the Chair are connected with the gears, and same gears are again in connection with a horizontal bar provided with a steel spring on the under side so as to form a *Perfect Lock*. This bar is operated by a lever with projecting pedal to the rear of the chair in easy reach for the barber's foot from all sides.

The Patent on our chairs has been allowed on February 10, 1880; all infringements on our rights will be prosecuted to the full extent of the law.

KOCHS' PATENT ADJUSTABLE BARBERS' CHAIR, NO. 4.

(PATENTED FEB. 10th, 1880.)

FRONT VIEW.

BACK VIEW.

No expense has been spared in the getting up of this Chair, and it has been admired by all who have seen it. The design of this chair is entirely new, and will suit the most fastidious. Special attention being given to the finish and upholstering of the back, which is covered with plush, also on the outside, it adds materially to the general appearance of the room. Care has been taken to give it solidity and strength without injury to its general appearance. The frame is of black walnut, handsomely ornamented with carving, engraving and French veneering. The upholstering is as good as can be done; it has the best oil finish, and the prominent parts, such as the figure heads, are as finely polished as a piano. The foot stool is covered with sheet brass. This chair is adjustable to five different positions for shaving or hair cutting by stepping lightly on the foot pedal in the rear of the chair.

Price, covered with best Mohair Plush (maroon, green, crimson or blue) ..... \$55.

Kochs' Patent
Adjustable Barbers' Chair, No. 6.

Patented Feb. 10th, 1880.

We would call particular attention to this our No. 6 Chair. The design is entirely new, and will undoubtedly meet with the approval of the profession. The workmanship and material used are equally as good as on the No. 4 chair; the back is also covered with plush on the outside, and the footstool with sheet brass. This chair is adjustable to five different positions for shaving or hair cutting by stepping lightly on the foot pedal in the rear of the chair.

Price, covered with best Mohair Plush [green, crimson, maroon] or moquette \$50 00

Kochs' Patent
Adjustable Barbers' Chair, No. 1.

Patented Feb. 10th, 1880.

This Chair is universally called the Barbers' Favorite, as no other chair in the market has been received by them with equal favor. For elegance and durability it is unsurpassed; convenient for both barber and customer, the seat being wide enough to accommodate the stoutest man, and the frame being narrow enough behind to suit any artist. It is finished in the most artistic manner, and ornamented in front and on the sides of the arms and footstool with Polished French veneered panels.

Price, covered with best Figured Plush..... \$42 00
 " Pure Mohair Plush, green, crimson or maroon..... 45 00
 " " French Moquette [towel plush with dark ground] durable, 45 00

ARCHER'S PATENT ADJUSTABLE BARBERS' CHAIR, No. 3.

This is a very elegant and convenient Barber's Chair. It is gotten up regardless of expense, the workmanship and the material used being the very best of their kind. It is solid black walnut elegantly carved, and is upholstered and finished in superb style. It is covered with the best Mohair Plush, [green, crimson or maroon] or Moquette, and the gimp is put on with fire-gilt nails.

The upper part of Footstool is trimmed the same as the Chair, and the Step and Platform are covered with polished sheet brass, put on with fire-gilt nails.

ARCHER'S PATENT ADJUSTABLE BARBER'S CHAIR, No. 3.

WITH CLOSED ARMS.

This chair is the style that has been manufactured for the last 15 years. It is extensively known as the ROCHESTER BARBER CHAIR. There are now over 7000 of them in use, and they have never failed to give entire satisfaction. So popular has this Chair become [through its well-earned reputation] that competitors are imitating it—in shape only, and not in general style and finish, or in the quality of materials and work—and are advertising it as the ROCHESTER CHAIR. The body and seat of the Chair can be moved back to the necessary position for shaving, by means of a foot lever at the side, or by a foot lever at the back. This Chair is covered with the best Mohair Plush, [green, crimson or maroon,] or with Moquette.

Price of Chair and Footstool.

COVERED WITH
The best Mohair Plush, [green,
crimson or maroon,] or
Moquette, - - - \$45 00

ARCHER'S PATENT ADJUSTABLE BARBERS' CHAIR, No. 2. WITH OPEN ARMS.

This cut shows the No. 2 Chair with the sides or arms left open, a great many preferring it this way on account of its being much cooler in warm climates.

This Chair is in every respect as well made and finished, and as finely upholstered, as the No. 2 Chair with closed arms.

The body and seat of the Chair can be moved back to the necessary position for shaving, by means of a foot-lever at the side, or by a *foot-lever at the back.*

This Chair is covered with the best Mohair Plush, [green, crimson or maroon,] or with Moquette.

Price, Covered with

The best Mohair Plush, [green crimson or maroon,] or with Moquette, - - \$42 00

ARCHER'S PATENT ADJUSTABLE BARBERS' CHAIR, No. 4.

This cut illustrates a New Style of Barbers' Chair. The Chair is made of walnut, finished in first-class style.

The arms, back and seat are connected and securely fastened together by the tasty iron side arm, which is double japanned and ornamented with gilt lines. The footstool, as will be seen, is constructed in a similar manner, by tasty iron platform and step, which will never wear out and always look clean and neat.

PRICE,

COVERED WITH

Brussels Carpet,
[green or crimson,] - - \$32 00
Mohair Plush, [green
or crimson,] 35 00

ARCHER'S PATENT ADJUSTABLE BARBERS' CHAIR, No. 1.

This Chair is made of solid black walnut, in the most substantial manner, and well upholstered.

For strength and durability it is unsurpassed.

It is movable to the positions most convenient for shaving or hair-dressing by means of a foot-lever, working from the side of the Chairs, and also by an *additional lever working from the back of the Chairs.*

Price of Chair and Footstool, COVERED WITH

The best Tapestry Brussels Carpet, [green, or crimson] - \$32 00
The best Plain Mohair Plush, [green, crimson or maroon,] or Moquette - - - 35 00

ARCHER'S PATENT ADJUSTABLE BARBERS' CHAIR, No. 5.

(Patented May 21, 1878.)

This style Barber Chair is made of iron, of beautiful design and tastily ornamented with gilding. It is adjusted to the position necessary for shaving by placing the foot on the treadle at the rear, and a *light* pressure on the same releases the segment and allows the seat and back to be tilted to any desired angle. As will be seen, the Chair and Foot-rest are combined, thereby making it a firm and strong chair. It has rollers under the front legs, to facilitate the moving of the chair about the room. It is the most handsome design, and withal the lowest priced Adjustable Barber Chair ever offered the trade. It is well upholstered, with Steel Springs in the seat, and the best of materials, and covered with Plushes, &c., or the seat and back are made of cane seating, which makes it a very comfortable and cool chair for warm climates.

DECORATED MUGS.

This branch is one of our specialties. The work being done *on the premises* by *Artists* and every part of it being carefully supervised, we are able to guarantee superior work, correct spelling of names, and production of designs ordered.

Our customers should be careful in ordering Mugs to write every letter plainly, and to give particular direction about designs. The packing of the mugs is done by experienced hands, and losses by breakage are very rare.

We have reduced the prices of some styles and have been obliged to raise slightly, the price of others. Special attention is called to several new styles, particularly the No. 12.

Although our Tablet Mugs are shown with the labels in front, we can also put them on the side, if specially ordered. We also furnish Numbered Mugs (gold numbers) at \$4.50 per dozen; with gold band, \$5.50. Numbers burnt in or on glass tablets.

PLAIN CHINA MUGS,

In White, or Gold Banded, at the Lowest Market Rates.

PICTURES AND DESIGNS.

To give a complete list of designs for Mugs would require more space than is contained in our whole Catalogue; we give the following list simply as a guide to customers in ordering. By consulting this they will be able to learn very nearly what such designs as they wish to order will cost.

These prices are for pictures or designs only and will be added to the prices of Mugs, with name and other decoration, as given in the Numbered Price List. Small designs, like society emblems, can be put on any mug. The No. 1 style is best adapted to pictures requiring space. Colors can be shown to better advantage and pictures are more satisfactory when burned in than when done on tablets.

T. A. KOCHS' EXTRA PERFUMED TOILET POWDER.

This Powder has gained a high reputation among Barbers and Hair Dressers all through the Western States for its purity, and delightful and *very lasting* perfume.

It is saturated with the finest odors, extracted direct *from the flowers*, and as it is put up in tin cans it retains its strength, and is therefore much preferred to the French Powder put up in packages.

Price of 1 lb. cans (white label), each..... 50c.

RAZORS.

SIZE 6-8.

THE MOST CELEBRATED
“Diamond Spear” and “Speed”
RAZORS,
HAMBURG HOLLOW-GROUND.

We wish to call particular attention, of the tonsorial profession, to the above brands of Razors.

These Razors are Hamburg Hollow-Ground, and have gained a world wide reputation, not alone for their Superior Quality of Steel, but also for their Excellent Grinding. They are stamped “Diamond Spear” and “Speed” on the reverse side of the tang. It is an acknowledged fact that these razors have no equal, and have to be seen to be appreciated.

No Razor is “Hamburg Hollow-Ground” if not so stamped on the reverse side of the tang. The process of Hamburg Hollow Grinding does not alone distinguish itself by the skillful manner in which it is performed, but through the preservation of the temper of the Razor.

THEO. A. KOCHS,

Sole Agent for the North-West.

GRINDING AND CONCAVING.

Our *Grinding* is done by Steam Power, in a room devoted to this department on the same premises with the Furniture Factory,

On our trip east last summer, we were so fortunate as to find and engage men who are as well skilled as any in the country, and *we are not to be outdone in this work by any concern* in the city or in the U. S.

Razors and Shears sent by mail in Weaver's Patent Metal Envelopes, at an additional cost of of 5 cents and postage.
